SPECIAL FILMING CONDITIONS LINCOLN HEIGHTS JAIL

The Special Filming Conditions described below will be included in the terms and conditions of permits issued for filming in this area and are in addition to the standard terms and conditions applicable to filming permits generally. While these Special Filming Conditions will be included as terms if a permit for filming in this area is issued, they are not intended to, and do not, establish the criteria or standards for determining whether or not a particular permit (or permits) will be issued for this area. The decision whether or not a particular permit (or permits) will be issued is vested in the discretion of the appropriate City or County department or their designees (including FilmL.A., Inc.), to be exercised consistent with public health, safety and general welfare, and applicable land-use ordinances.

The Art Deco portion of Lincoln Heights Jail was built in 1931 by the Los Angeles City Construction Department. The Bauhaus Modern addition was built in 1949, designed by Kaufman and Stanton. During the early 1950's, the expanded Lincoln Heights jail was a model correctional facility, praised by visiting officials who found it to be clean and quiet, with excellent correctional methods. By the late 1950's, however, the jail was becoming costly and over-crowded, housing up to 2800 prisoners. In 1958, the county had taken over most of the responsibilities of the entire Los Angeles City jail system. For a time, the Lincoln Heights Jail continued to be used as a drunk tank. It was last used as a jail during the Watts riots in 1965, formally closed later that same year. To preserve and protect the historic integrity of the building, while allowing production to continue, the following Special Filming Conditions have been established:

PRE PRODUCTION:

- **Allowable filming areas:** 2nd Floor jail cells, 1st Floor office, kitchen, main entrance and squad room and offices. Parking will be allowed behind location only.
- **FilmL.A. will coordinate all scouting activity at Lincoln Heights Jail.** City staff is generally required when scouting Lincoln Heights Jail. FilmL.A. will determine when City staff is needed, and if necessary, coordinate the meeting.
- **Companies wanting to use Lincoln Heights Jail must first reserve the facility through FilmL.A.'s reservation system.** FilmL.A. will maintain a calendar of filming activity, reserved filming activity and all special events at Lincoln Heights Jail.
- **FilmL.A. will coordinate all filming activity at Lincoln Heights Jail.**
- **During the tech scout, the production company must provide all anticipated filming activity information.** This information should include, but not be limited to, areas to be used for filming, lighting design, movements of cast and crew, equipment storage, equipment parking, catering, base camp, etc.
- **Following the tech scout, the production company must provide FilmL.A. with a detailed filming plan** including, but not limited to, areas to be used for filming & equipment storage areas. The FilmL.A. permit must reflect all activity at Lincoln Heights Jail and surrounding areas. Activity other than what is listed on the permit will not be allowed.
- **To ensure agreement between the production company and the City regarding the condition of Lincoln Heights, the Location Manager or production company representative must walk the location and complete a checklist with the FilmL.A. Monitor assigned to the production prior to the completion of filming and/or striking. FilmL.A.'s Monitor will have the checklist on site.**

PRODUCTION CONDITIONS:

- **FilmL.A. Monitors will be required for all prep, strike and filming days.**
- **Uniformed Fire Safety Officer (UFSO) required for all prep, strike & filming days**
- **Water truck with hoses required for all interior prep, strike and filming activity.**
- **Lincoln Heights Jail has no running water. Bathroom facilities must be provided by the production for cast and crew.** Companies are not allowed to use the bathroom facilities at the jail.
- **Production companies must bring their own generator for power. Use of house power will not be allowed.**
- **Company must return locations, used for filming and equipment set-up, to the same or better condition.**
- **Food and drinks, other than water and products used on camera, are not allowed interior of the Lincoln Heights Jail.**
- **Trash receptacles must be provided interior and exterior of facility. All self-generated trash must be removed at the end of each day.**
